

**Board of Directors Evaluation Form (SAMPLE)**

As a way to continually improve upon the management of your chapter, you may wish to ask each board member to complete this form individually and anonymously. Compile and compare the answers. If your directors answer YES to all or most of the questions applicable to your chapter, your governance systems are most likely performing well. Answers of NO indicate the need for Board and/or organizational development work. Answering DON'T KNOW suggest topics for board orientation sessions.
